No. CR 15-00366-RGK  
PETITIONERS REQUEST FOR  
COMPASSIONATE RELEASE/  
REDUCTION OF SENTENCE  
UNDER U.S.C. § 3583(c)  
TO TIME SERVED

Petitioner has asked the Warden of FCC Beaumont (LOW), for immediate release to "Home Confinement", due to the COVID-19 virus. Petitioner was DENIED. See (Exhibit # 1), (Exhibit # 2), and (Exhibit # 3) (two pages) DENIED. Petitioner now seeks relief from District Court and his sentencing Judge Mr. R. G. Klausner.

STATEMENT OF FACTS :

1) Home Confinement : On April 3, 2020, Attorney General Barr ("AG") issued a memorandum (1) authorizing BOP to increase the maximum amount of time an inmate can serve in home confinement, and (2) asking BOP to allow home confinement for inmates in high risk groups for COVID-19.

2) The Centers for Disease Control and Prevention (CDC) has said that people at a **higher risk** are (1) people 65 years and older; and (2) all people with underlying medical conditions, particularly if not well controlled, including chronic lung disease, moderate to severe asthma, heart conditions, high blood pressure, diabetes, obesity, kidney disease, liver disease and being immuno-compromised. See (Exhibit # 4) (two pages).

3) Petitioner has personally written to this District Court (twice), with no response. Petitioner described his high risk for COVID-19, and included were several options for home confinement, or RRC placement. In BOTH Houston, Texas, or Los Angeles, California.

4) Petitioner has a projected released date of : 03/25/2025 and with the First Step Act is entitled to 12 months RRC placement and 6 months home confinement. Petitioner has remained disciplinary free of BOP violations and was awarded transfer back to his region and designated for Terminal Island. Which seems to be 'ground zero' for COVID-19. See (Exhibit # 5).

5) This District Court recommended to the BOP the Petitioners participation in the "DAP" program, and if Petitioner were to be successful in completion of this program. The Petitioner could be awarded another 12 months off his sentence. So if you combined the 18 months and the 12 months, of the programs available to the Petitioner, that would be 30 months off the Petitioners remaining 56 months and that leaves Petitioner with 26 months (approximately). Petitioner is even willing to spend the entire 26 months in a RRC placement. Where I'd be subject to paying a percentage of his income, and willing to wear a GPS bracelet. Or placement into a long term live-in drug facility to appease this District Courts "DAP" program recommendation.

6) The coronavirus (COVID-19), is rapidly spreading in all parts of the United States, including its prisons. There is no vaccine or cure for this deadly disease. The CDC recommends frequent handwashing, sterilizing of surfaces, and remaining at a distance of at least six feet from other people. This is impossible to do at FCC Beaumont (LOW), or any other prison facility.

7) Petitioners numerous medical conditions are : Asthma, C-PAP user, high blood pressure, and diabetes (insulin), these put this Petitioner at a very high risk for DEATH from the COVID-19 virus.

So in closing this Petitioners extraordinary and compelling circumstances regarding the COVID-19 virus, makes this Petitioner eligible for compassionate release "time served" or home confinement, whichever this Honorable Court decides.

Respectfully Submitted,

Daniel Eugene Keller

DOCUMENTATION OF INFORMAL RESOLUTION ATTEMPT

Bureau of Prisons Program Statement No. 1330.16, Administrative Remedy Program, (December 31, 2007), requires, in most cases, that inmates attempt informal resolution of grievances prior to filing a formal written complaint. This form shall be used to document your efforts towards informally resolving your grievance.

Inmate Name: Daniel Keller Reg. No.: 21804-112 Unit: VB

Specific Complaint and Requested Relief: Immediate release to home confinement because of the CV-19 Pandemic. This inmate submitted a similar BP-8 to Unit Team and it was DENIED. Since the inmate appeal process is slow and this is a life threatening situation. So I attached the BP-8 and sent it with aBP-10 to Region for review. It was also DENIED/REJECTED, but NOT returned. I only got the rejection notice with Remedy ID# 1017713-R1, dated: May 7th, 2020. \*\*\* See attached copy \*\*\* Therefore this inmate is now re-submitting this BP-8. And I will have to follow through with the BP9, BP10, BP11, until I can go to Federal Court with a 2241 Motion. I have several health factors that qualify me for immediate release to home confinement. Such as Asthma, C-PAP user, high blood pressure, diabetic with Insulin, and advanced age, and by the time this is processed I will be over the 50% of time served.

Efforts Made By Inmate To Informally Resolve Grievance (be specific): I have spoken with my Unit Team : Mrs. Ponzio, Mr. Dews, and Mrs. Jones.

Counselor's Comments: You were determined to be ineligible at this time.

## REQUEST FOR ADMINISTRATIVE REMEDY

Type or use ball-point pen. If attachments are needed, submit four copies. Additional instructions on reverse.

From: KELLER, Daniel E. # 21804-112 VB FCC-BML  
LAST NAME, FIRST, MIDDLE INITIAL REG. NO. UNIT INSTITUTION

Part A- INMATE REQUEST I want an immediate release to home confinement due to the CV-19 virus. I meet several of the requirements as per Attorney General Mr. William Barr's guidelines. I submitted a BP-8 and it was DENIED, I then attached it to a BP10 and sent it to Region as this is a life and death issue. \*\*\* See REJECTION notice attached Remedy ID# 1017713-R1, dated: May 7, 2020 \*\*\*. In a recent conversation with Case Manager Mr. Dews he told me that it was my PATTERN score which makes me a low level inmate when they are only accepting minimum level inmates at this time. He told me that is was my criminal history, I have 8 points. Three of those points are for a 487(e) Grand theft, dated : 07/20/1999 Case# GA040093 out of Glendale, California. This case is well over 20 years and shouldn't effect my relief sough for home confinemt. I have several options for home confinemt that are in my PSR. I have even made the effort to renew my driver license and social security card are BOTH waiting for me.

**FEDERAL CORRECTIONAL COMPLEX (FCC), BEAUMONT, TEXAS**  
**PART B-RESPONSE TO REQUEST FOR ADMINISTRATIVE REMEDY #1023429-F1**

This is in response to your Request for Administrative Remedy received June 2, 2020, in which you request an immediate release to home confinement due to COVID-19 virus.

The Bureau of Prisons is utilizing the full scope of its various authorities to ensure that inmates indicated at high risk are of complications from COVID-19 are housed safely and appropriately given their specific needs and circumstances. This includes modified institution operations; routine staff and inmate medical screening; use of the home confinement authority, where appropriate, based on guidance from the U.S. Attorney General; and use of compassionate release for appropriate inmates who have existing terminal and debilitated medical conditions or who are elderly and nearing the end of their sentence, as indicated for in current agency policy.

The CARES Act authorizes the U.S. Attorney General to expand the cohort of inmates who can be considered for home confinement upon his findings of emergency conditions which are materially affecting the function of the BOP. On April 3, 2020, the U.S. Attorney General made that finding and authorized the Director of the BOP to immediately maximize appropriate transfers to home confinement of all appropriate inmates held at FCI Oakdale, FCI Danbury, FCI Elkton, and other similarly situated BOP facilities where COVID-19 is materially affecting operations.

The U.S. Attorney General issued guidance to the BOP regarding the transfer of inmates to home confinement on March 26, 2020. In assessing whether home confinement should be granted, the BOP considers the totality of circumstances for each individual inmate, the statutory requirements for home confinement and a non-exhaustive list of discretionary factors for priority consideration, including, but not limited to: no BOP violations within the last year; PATTERN score is minimum; a verifiable re-entry plan; verification that the conditions under which the inmate would be confined upon release would present a lower risk of contracting COVID-19 than the inmate would face in his BOP facility; no serious offenses; primary offense is not violent, a sex offense, or terrorism related; no current detainers; and the inmate must have served 50% or more of their sentence or have 18 months or less remaining in their sentence and have served 25% or more of their sentence.
